# About Us

## Planning for Different Life Stages

Regardless of which stage of life we are in – studying, working, starting a new family, or approaching retirement, we need to make appropriate planning for an ideal life, as well as a better future.

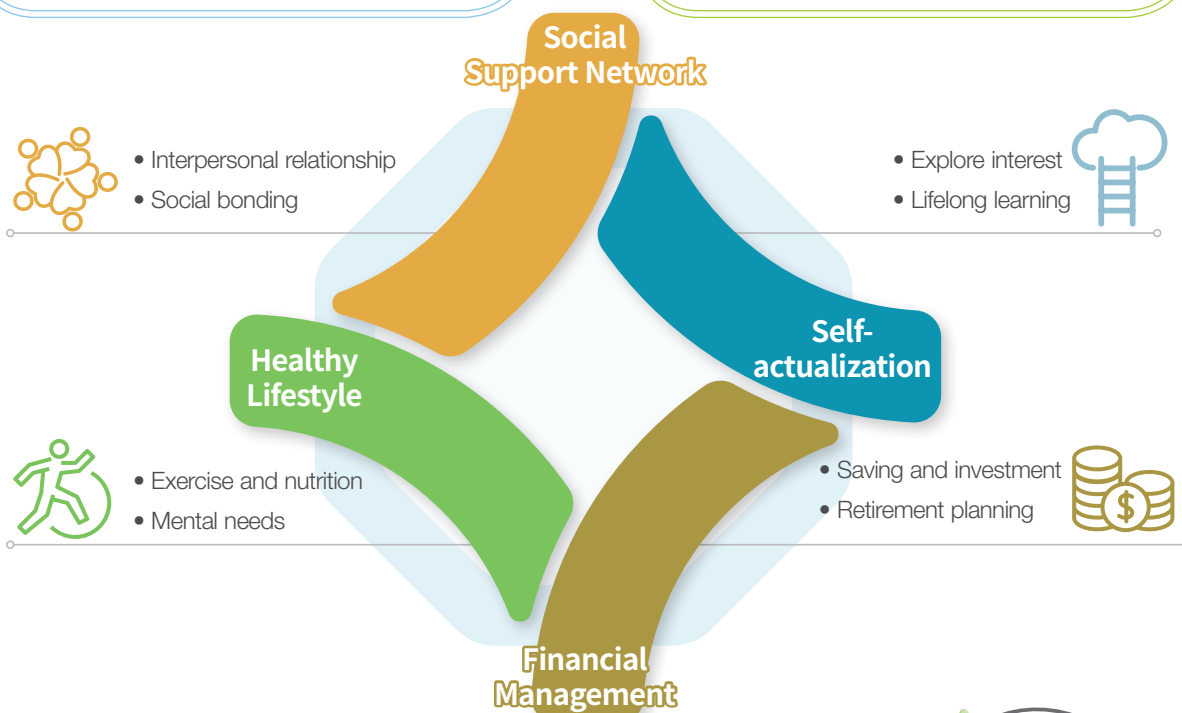

### Founding

With our strong commitment in Corporate Social Responsibility and Investor Education, BCT is dedicated to helping Hong Kong people build a better retirement life. We established “BCT Third Age Academy” in 2009 to promote lifelong learning to people retiring from their roles at work or household duties.

### Evolution

In 2018, we renamed the academy to “BCT Next Academy”, expanding the servicing group to working population in Hong Kong. We encourage people to step out of the box, to make self-enhancement through learning and to get prepared for retirement on four aspects.

“BCT Next Academy” evolves to be **younger, more energetic and vibrant**, just like a butterfly flying up to the sky, exploring a wider world.

## Mission

To promote and encourage continuing education and lifelong learning; and to help Hong Kong people equip themselves for a better retirement.

# Curiosity · Learning

We encourage continuing education and lifelong learning among people at different life stages. To achieve this goal, we collaborate with Li Ka Shing Institute of Professional and Continuing Education of the Open University of Hong Kong ("OUHK") and offer tuition fee sponsorships for eligible persons.
