

### Important Notes

- You should consider your own risk tolerance level and financial circumstances before making any investment choices or investing according to the Default Investment Strategy ("DIS"). When, in your selection of funds or the Default Investment Strategy, you are in doubt as to whether a certain fund or the Default Investment Strategy is suitable for you (including whether it is consistent with your investment objective), you should seek financial and / or professional advice and choose the investment choice(s) most suitable for you taking into account your circumstances.
- In the event that you do not make any investment choices, please be reminded that your contributions made and / or accrued benefits transferred into the Plan will be invested in accordance with the Default Investment Strategy, which may not necessarily be suitable for you.
- Your investment decision should not be based on this document alone. Please read the principal brochure of BCT (MPF) Pro Choice for further details, including the risk factors.
- An investment in the MPF Conservative Fund is not the same as placing funds on deposit with a bank or deposit taking company and there is no guarantee that the investment can be redeemed at the subscription value. The MPF Conservative Fund is not subject to the supervision of the Hong Kong Monetary Authority. BCT (Pro) MPF Conservative Fund does not guarantee the repayment of capital.
- Investment involves risks. Past performance is not indicative of future performance. The price of constituent funds may fall as well as rise.

# “Management fees” include fees paid to the trustee, administrator, custodian, investment manager and sponsor of a scheme for providing their services to the relevant funds. They are usually charged as a percentage of the net asset value of a fund. In the case of the Core Accumulation Fund and the Age 65 Plus Fund, management fees payable to the parties named above, or their delegates, can only (subject to certain exceptions in the Mandatory Provident Fund Schemes Ordinance) be charged as a percentage of the net asset value of the DIS Fund. These management fees are also subject to a statutory daily limit equivalent to 0.75% per annum of the net asset value of the DIS Fund which applies across both the DIS Fund and its underlying funds.

<sup>^</sup> As the Preferential Management Fees of the funds are the same as the Standard Management Fees, there will be no bonus unit rebate.

1. Preferential Management Fee in respect of a fund is arrived at by applying Bonus Unit Rebate to the Standard Management Fees of that fund. The calculation of Preferential Management Fee of each fund is shown as follows: “Preferential Management Fee = Standard Management Fees - the rate of Bonus Unit Rebate”. Bonus unit rebate is calculated on the basis of total net asset value of the relevant account at the end of each month. If there is no asset in the relevant account at the end of that month, no bonus unit rebate for that month will be granted. Bonus unit rebate will be credited to the relevant account after the end of each quarter. If the member terminates the relevant account or all assets in the relevant account have been transferred out before the end of the quarter, bonus unit rebate for that quarter will be forfeited.

2. Management fee can only be deducted from a MPF Conservative Fund (“MCF”) by BCT when the investment returns of the MCF for the month exceed the prescribed saving rate (“PSR”) announced by the Mandatory Provident Fund Schemes Authority. Accordingly, the preferential management fee is indirectly subject to this statutory fee deduction mechanism, i.e. If the investment return of this month exceeds the PSR and if the average management fee charged for the month exceeds the preferential management fee; the bonus unit rebate of the month will be distributed in the end of the corresponding quarter. The average management fee in this paragraph is determined by averaging the daily accrued management fee.

3. As at November 2018.

4. Shareholder group comprises Asia Financial, Chong Hing Bank, CMB Wing Lung Bank, Dah Sing Bank, Fubon Bank, ICBC (Asia), OCBC Wing Hang Bank and Shanghai Commercial Bank.
